The following Committee on Credentials was then appointed:

Comrades Thomas Hanna, Post 11; R. S. Robertson, Post 40, and W. H. Armstrong, Post 1.

The Department Commander appointed the following Committee to Escort Commander-in-Chief Paul Vandervoort, to the Hall:

Comrades John Coburn, Post 17; Senior Vice Commander, Edwin Niar, Post 8, and J. A. Gurley, Post 10.

Upon their return the Commander-in-Chief was formally presented to the Encampment.

Department Commander Carnahan then presented the following report:

Report of Department Commander.

Officers and Members of the Department Encampment of Indiana, Grand Army of the Republic:

COMRADES, ALL: It is with feelings of very great pleasure that I greet you as we, at the close of another year's work, assemble in this, our annual Department Encampment. The year that has just passed has been to me, as your Department Commander, full of the most genuine pleasure in the many renewals of former comradeships that were born and had their full growth in the days of our army life, and were welded in the fierce heat of battle, and made sacred beside the narrow graves of comrades whose latest breath and act was that of fraternity for the comrades about them, and a loyalty that gave the hero's life for our flag and country. Many, very many happy associations have been revived as I have gathered with you at your peaceful camp-fires in different parts of this Department, and to the well-known comrades of other days, and to those whose faces were new to me, but whose hearts throb so warmly and generously towards all who bear the name and wear the badge of the Grand Army of the Republic, I here most heartily thank you all for the warm greetings you have given me, and the cordial support and aid you have extended in the good work that has been accomplished during this year of service as your Commander.

In closing my term of office I feel like saying "thank God and the Comrades, the Department of Indiana,

Grand Army of the Republic, is no longer an experiment, or a struggle for an existence, but a glorious and assured success." The Grand Army of the Republic has come into Indiana to stay so long as there shall be left an honorably discharged Union soldier within our borders.

I am glad that I can say, comrades, that the

Growth of the Order

in Indiana during the year has been such as to place our Department along side of other Departments that are much older, and that have prided themselves as standing at, or near, the head of the Order. Another year's active, systematic work will give the Department a place in the National Encampment equal to the oldest and best Department now represented in that body. This I believe will be done, and my successor, whoever he may be, will, with the hearty support that I now bespeak for him, and which I know and am sure he will receive, see a Post of the G. A. R. established in every county seat and town of Indiana.

When I took command of this Department, on the 22d day of February, 1882, there were Posts numbered up to forty-six. Three out of that number were defunct. We had an aggregate membership, as shown by the Assistant Adjutant General's report, at the last annual Encampment, of 2,050 members. We now have Posts numbered to 155. Two of the Posts that were defunct have had the "breath of life" once more breathed into them, and 6,088 comrades now gather about the bright lights of one hundred and fifty-four peaceful camp fires, living over the scenes and strengthening the ties which bound comrades to one another when "Fraternity in

deed, if not in word, marked everywhere the true soldier." To-day I have received an application for the organization of Post 156.

In the beginning of my administration I was met with the charge that the Grand Army was a political organization, or would be used as a means for bolstering up or pulling down some political party or political aspirant. This charge, I believe, has been fully answered, and we have shown that in the Grand Army of the Republic now, as it was at the beginning of the war and all through it, we have broken "asunder the ties of party" and we are gathering into our Post rooms and into a renewed comradeship men of all political parties, and as Grand Army men, know nothing save Fraternity as the "broad foundation-stone" on which our Order rests; a "Charity that can sympathize with disabled comrades, or the families of those of our fallen comrades who need the liberal hand," and a Loyalty to one another and our common country that has become the keystone to the great archway binding and locking together our greatest of all brotherhoods. And in this connection, comrades, let me urge upon you, and I feel that I can not do so in language too strong, the importance of keeping all questions of even the slightest political tendencies out of your Post rooms. Be as strong partisans as you please outside of all and every Grand Army matter, but in all that affects your relations with our Order say to every politician, and to every man who attempts to use the name of the Grand Army for any political purpose whatever, "hands off;" and say it, too, in words and tones that can not fail to be understood by all the world. There is no half way ground in this matter; not only must your lines be kept closed up against this

one common enemy of all societies, but your out-posts must be thoroughly entrenched and fortified against any and all advances of this, the very greatest foe our Order has ever had. Comrades, I do not want to know the politics of any comrade of the Grand Army, so far as our associations in the Order are concerned, and I will go still further and say, that if there is any man living to-day that has a right to his honest political convictions, either as to men or parties, it is the man who proved his loyalty to the flag and the country, through battles lost and battles won, and you nor I, nor the whole world, has a right to try to bind or restrain him in that right, and the man who seeks to do it through any society, be it either the Grand Army or any other, though perhaps a seeming success may attend the effort for a time, it will soon prove to be utter ruin and disaster to the Order and to the man or set of men who propose such unholy measures. I believe one great cause of the success of this Department, during the past year, was the fact that it was seen that, although there was a strong political contest during a great portion of the year, yet the Grand Army, like others of the best societies, took no part in that contest. Let us, then, strictly, in letter and spirit, carry out that portion of our Rules and Regulations that provides that "No officer or comrade of the Grand Army of the Republic shall, in any manner, use this organization for partisan purposes, and no discussion of partisan questions shall be permitted at any of its meetings, nor shall any nomination for political office be made."

For the full statistical statement of our growth in numbers, I call your attention to the very complete report and exhibits made by Comrade Ben D. House, As-

sistant Adjutant General of this Department. In addition to the Posts established, this Department organized four Posts in the State of Tennessee, three of which I organized in person. These Posts have now been organized into a Provisional Department by themselves, and the good work, I believe, will go on in that State, and new Posts will be organized within sight of and on the very ground on which so many of our brave comrades gave up their lives for the Union.

Department Finances.

Not only does it afford me pleasure to note the numerical growth in the Department, it is also a very great pleasure to state that, financially, the Department of Indiana is not in want. The management of the Quartermaster's department has been in most thoroughly honest and efficient hands. On taking command of this Department I determined that the financial affairs should be so managed that there would be not only no useless expenditures, but that whatever was expended should be done in such a systematic manner that with vouchers to show for every item of expense, and a complete and itemized statement of every cent received, that any and all of the comrades could see and understand our financial condition, and having seen it would know of a certainty that everything had been done well and faithfully. I can say truthfully that, while others may be just as honest and systematic, no one could have performed the duty better than Comrade Garrett H. Shover, Department Quartermaster. Ever courteous and obliging, always prompt and faithful in the discharge of his duties, as I have found at all times, I feel that I made no mistake in his appointment on my staff to the very responsible position which he has filled so honestly and well.

I take especial pleasure in calling your attention to his report and the exhibits filed therewith. During two years service as Inspector General of the Grand Army I had occasion to examine and inspect the various ways and systems in which Department accounts and records were kept, and from these I selected a system of books for the Assistant Adjutant General and Quartermaster, which, to me, seemed the most complete, and caused to be made a set for this Department. These books show a complete record of the different Posts, their organization and their account with the Department; the receipt of all moneys and from what source, and for what such moneys were received. These books have met with the hearty approval of your Council of Administration, and they are open to the inspection of all the comrades of this Department who may desire to see them. The preparation of these books has been no small task, from the fact that there had been, previous to their preparation, no systematic course adopted or used. Credit is due to the Assistant Adjutant General and Quartermaster of the Department for putting your records and accounts into such excellent shape. In view of the fact that the work that has devolved on Comrade Shover as Department Quartermaster, requiring, as it did, a great deal of his time from his other business, and the further fact that he has been compelled to employ assistance, I think this Encampment should make an appropriation to meet this expense and reimburse Comrade Shover to some extent, at least, that will reimburse him for the outlay and his time.

As appears by the reports of the Department Quartermaster, the present administration has received in gross the sum of \$6,604.41.

There has been expended in settlement of accounts and in the printing of the reports of this Department, previous to this administration, the sum of \$430.76.

In the purchase of supplies for the Department since February, 1882, the sum of \$3,147.79.

For other necessary expenses during the year, \$1,158.58.

There is remaining in the hands of the Quartermaster, cash, \$1,663.12.

Supplies and property of the Department, cost value, \$594.60.

Making a total value, money on hand and cost valuation of property on hand, \$2,257.72.

Recommendation 1.

As shown by the above financial statement, I believe that the Department may be managed successfully for the coming year with a less per capita tax than was thought to be necessary at the commencement of the present year. The Rules and Regulations prescribe that at the Annual Department Encampment, the per capita tax for the ensuing year shall be assessed. I would, therefore, recommend that the per capita tax be reduced from ten cents per quarter, as assessed at the last Annual Encampment, so that for the ensuing year it shall not exceed eight cents per quarter. This, I think, can be safely done.

Recommendation 2.

In regard to the question of per capita tax, I wish to recommend one thing further: It is well known to all that our comrades along the Ohio river have suffered intensely from the terribly disastrous floods that prevailed

on our border during the month of February just passed. This flood came with fearfully disastrous effect to all in that locality, and to none with more hardship than to our comrades. In many instances, all of the property that had been saved up from all the years of toil since their return from the army, was swept away, and life's battle will have to be begun anew. In view of this fact, I would recommend that the per capita tax to be levied for the ensuing year, shall not apply to the Posts at Aurora, Rising Sun, Lawrenceburg, Madison, Jeffersonville and the other Posts so affected by the recent flood, and that for the ensuing year no per capita tax shall be required of or collected from them. I think the Department can well afford to do this.

In connection with this subject concerning our comrades in the flooded districts, the latter part of the past week I received a letter from Comrade J. A. Joel, of New York, stating that in response to a call made by him in the *Grand Army Gazette*, he is now receiving substantial contributions for the comrades along our borders who have suffered from the floods, and stating that he would soon forward to me the money donated for their relief. I know that the great majority of our comrades in this Department are in very moderate circumstances, yet, if all of the Posts in this Department would contribute something from their store to aid these, our suffering comrades, it would be to them a great blessing, received with thankful hearts, and would bind us all stronger together in sympathy one for the other, and so bless him that receives and doubly bless him that gives.

State Soldiers' and Sailors' Monument.

At the last annual meeting of this Department a resolution was adopted favoring the erection of a Soldiers'

and Sailors' Monument, to the memory and in honor of the brave men of this State who gave their lives for the preservation of the Nation. It was then unanimously recommended to the various Posts throughout the State to inaugurate measures to collect contributions for this purpose. The attention of the Posts was called to this matter in a circular by the Department Commander, under date of March 17, 1882. The Council of Administration deemed it advisable to take the matter in hand and put it in shape. This they did, as has also been made known to the Department, in General Order No. 6, from these headquarters. The Council of Administration believed, as do I, that if anything ever is done in this direction, it must be commenced and directed by the survivors of the late war. Unless it is commenced in this way, it never will be done. The plan was to issue membership certificates at a cost of only one dollar each, so that the membership fee would be within the reach of all, and when the sum of fifteen thousand or twenty thousand dollars should be raised, as it could and should be, then to ask the State to appropriate a like amount for the work. Certificates were prepared, and a sample sent to each Post, asking the Post to take the matter in hand and solicit contributions. Up to this time but one Post has responded.

Comrades, will you not, on your return to your Posts, take this matter up and push this good work forward? It is a shame and disgrace to the State of Indiana that there has been no State monument erected in honor of the men of this State who offered and freely gave their lives for the life of the Nation. In the State of New York I have seen a soldiers' monument which bore upon it the names of Indiana soldiers, side by side with some of

the brave men of the Empire State. Shall New York, alone, honor the memory of the Indiana soldiers? Nay, comrades, shall not we, also, here at home, the State where they were born, and on the soil where their martial tread was first heard, do our part toward perpetuating their memory and the history of their heroic deeds? Let us, then, lay aside all local prejudice and go to work in this matter with such earnestness that, before many months shall have passed, we shall have erected a monument worthy the memory of our brave comrades.

Post Work.

From visitations in many of the different Posts of this Department, I find that there has not been enough attention paid to the study and exemplification of the ritualistic work of the Order. Post officers should give this work more study and master it in all its details. The ritualistic ceremonies are not lengthy nor tedious, and when properly conducted in the muster-in ceremonies, add very materially to the interest of the Post, and produce a lasting and pleasing effect on all who are brought into our Order. It has been impossible, of course, for me to visit all the Posts, and in mentioning any particular Post, I do not wish to be understood as saying that they are the only Posts that do the work well. I trust there are many, very many more, that do the work equally as well. Of the Posts that I have visited that have made themselves proficient in this work, I think that George H. Thomas Post 17, Auten Post 8, Sion S. Bass Post 40, LaFayette Post 3, are especially worthy of mention, and they are no better than all others might be who will give the matter the same care and study that these Posts have done. For the good of

all concerned, I would recommend that whenever the opportunity is offered, visitations be made to these Posts.

Post Visitations.

I would recommend that Posts exchange visits with one another. If you are so situated, as most of the Posts are, along the lines of railroads, so that your Post can go as a body, or in considerable numbers, go and visit the Posts that are located about you. If it is a new Post that is visited by an older one, it will encourage and strengthen the new Post, and if it is a young Post that shall visit the older one, it will be a pleasure to the older one, and at the same time a means of instruction to the younger Post.

In addition to all this, it promotes and strengthens that kind and fraternal spirit and comradeship that should ever characterize us.

The National Encampment, 1883.

I wish to call attention to the meeting of the National Encampment at Denver, Col., in July next. The meeting will be a very important one, and extensive preparations are being made by the comrades in the West to make it an exceedingly pleasant one. It is important that every department should be fully represented. This Department, in addition to the Department Commander and Past Department Commanders, will be entitled to six delegates. These delegates must be chosen at this Encampment. The distance to be traveled is great, and the expense will, although reduced rates are promised, be considerable, yet I trust this Department will not only have its full number of delegates, but a large number in addition thereto. But this Encampment should have the positive pledge of every comrade before

his election as a delegate, that if elected, he will, unless Providentially hindered, certainly attend.

Visit of the Commander-in-Chief.

In November last I received a communication from Comrade Paul VanDervoort, Commander-in-Chief, stating that if it met with my approval, he would make an official visitation to this Department.

As Commander of the Department, I was glad to welcome Comrade VanDervoort, not alone because he was Commander-in-Chief of the Grand Army of the Republic, but on personal grounds I was especially glad when the opportunity came for me to say to him, "come," and to bid him welcome to the Department of Indiana on his arrival. Knowing the Commander-in-Chief as well as I did, I was fully satisfied that his visit would be of very great profit to the Department. Together we visited the Posts at Richmond, Indianapolis, Fort Wayne, South Bend, LaFayette, Madison, Evansville and Greensburg, at which points public camp fires were held, and at which a large number of Posts of the Department were assembled. I am satisfied that his visit to the Department was of very great benefit to the Order. No one can be brought in contact with Comrade VanDervoort's energy and zeal in Grand Army work without, to a greater or less degree, partaking of it. And I am glad that to-day I have had the pleasure of greeting him and introducing him to this Encampment.

Our Dead.

Comrades, through the year just past some of our comrades have answered "here" to the call of the Supreme Commander, and have passed from *our* ranks here

below, and have joined the ranks of the Grand Army on high.

“Above death’s clouds they strive
“A *chosen corps* they are marching on in brighter fields than ours :
Those bright battalions still fulfill
The schemes of the heavenly powers,
And high, brave thoughts float down to us,
—The echoes of that far-off fight—
Like the flash of a distant picket’s gun
Through shades of a hovering night.”

“No fear for them : in our lower field
Let us toil with arms unstained,
That at last we be worthy to stand with them
In the shining heights they’ve gained.
We shall meet and greet in closing ranks
In Time’s declining Sun,
When the bugles of God shall sound retreat
And the battle of life be won.”

To-day let us bow in submission to the will of Him who rules and reigns supreme, the Great God who guides and controls the destinies of armies, but with all this, remember the heroic deeds of Chapman, and Simpson, and Cruft, and their brave associates on many hard fought fields. Their lives as soldiers were types of heroism that was patriotic, and a patriotism that was heroic. So shall we ever remember them, and tell the history of their deeds to those who shall come after us.

To these, our former comrades, we can only say :

“Rest on, embalmed and sainted dead,
Dear as the blood ye gave!
No impious footsteps here shall tread
The herbage of your grave;
Nor shall your glory be forgot
While Fame her record keeps,
Or Honor points the hallow’d spot
Where valor proudly sleeps.”

Thanks.

I would not be just to myself nor the comrades of this Department, if I did not, in an especial manner, thank the comrades for the valuable assistance I have received on every hand during my administration. It is because I have received such cordial support, and active and energetic aid from so many of the comrades, that this Department has been so successful during the past year. The comrades, as a rule, have made a hearty and willing response to every call I have made on them to aid in the organization of new Posts.

Senior Vice Commander Nicar, Junior Vice Commander Rosencranz, Department Inspector Wooden, Chief Mustering Officers Robertson and Shaw, Comrades Keller and Merhoff, of Post 27; Comrade Stanley, of Post 30; Comrades Wiles and J. Dawson Smith, of Post 25; Comrade D. Agnew, of Post 16; Comrade Winkler, of Post 13; Comrade Paul Hendricks, of Post 26; Comrade Foster and the officers of Sion S. Bass Post 40; Comrade Girly, of Post 10; Comrade Trout, of Denver Post 66; Comrades Spahr, Stokes, David and others, of Geo. H. Thomas Post 17; Comrade Stoy, of Post 44; Comrade Southard, of Post 48; Comrade Iliff, of Post 55; Comrade Watt, of Post 30, all of whom have been ready to answer any call I have made upon them.

To each member of the Council of Administration I feel especially grateful in that they, and each of them, have given me, without stint, their most hearty and sincere co-operation in the good work of the year. I feel that we have been brought together in sympathy and feeling, with but one thought, how best to promote the growth of this Department.

In Comrade Ben D. House, Assistant Adjutant General, I have found a soldier who has at all times, when able for duty, performed his work with a never flagging interest and zeal. He brought to the duties of his office a thorough knowledge of all its details, and though his work has been, at times, very hard, and always requiring attention, he has never permitted any of it to be neglected; ever courteous toward all who had business with the Department, and in all things connected with the Adjutant General's office, so complete has been his work, and so thoroughly systematic, that his successor will find the work comparatively easy.

Before this Encampment, and to this Department, I wish here, in unqualified terms, to express my thanks to Comrade Ben D. House for his services. To him, personally, has already gone my warmest and most sincere friendship, and though our paths may separate in official relations, I trust that, as comrades, our "lines" may be within "supporting distance" through the remainder of life's "battles," and though, at times, we may feel the "shock" and "charge," each on his own battle line, we may and shall ever know that each is in sympathy one with the other, and when the last battle has been fought, we together shall, side by side, answer the "assembly" call for the great and final review.

In conclusion, comrades, I trust that the meeting of this Encampment may be one of pleasure to each and all of you, that nought but Fraternity shall characterize every word and act; a Charity that is the evidence of the love one comrade should bear towards another, and a Loyalty to the Grand Army of the Republic that shall cause each to vie one with the other as to which shall

work with the strongest and truest efforts for its upbuilding in this Department and the National Encampment.

Fraternally in F., C. and L.,

JAMES R. CARNAHAN,

Commander Dep't Ind., G. A. R.

Note. Since the meeting of the Encampment, the Department Commander has received the following letter, which explains itself:

OFFICE OF THE GRAND ARMY GAZETTE
AND NATIONAL GUARDSMAN,

NEW YORK, MARCH 30, 1883.

JAMES R. CARNAHAN, ESQ.,

Department Commander G. A. R., Indianapolis, Ind.

DEAR SIR AND COMRADE: Your favor received. We are disappointed in not being able to send you some substantial aid with this, but \$25.00 is all we have received so far, and that from one Post, viz.: Koltes 32, of this city. This amount we have sent to the Post at Ironton, Ohio, they being the first Post we heard from. We are in hopes to hear further from our appeal, and if we do, shall send it at once to you. Information comes to us, that as a result of our appeal, that relief is being sent direct to the Departments of Indiana, Ohio and Kentucky, so we feel repaid for anything we may have done in this direction.

Respectfully yours in F., C. and L.,

J. A. JOEL.

Report of Assistant Adjutant General.

The following report was submitted by the Assistant Adjutant General as a synopsis of the business transacted by his office since the meeting of the last Encampment:

HEADQUARTERS DEPARTMENT OF INDIANA,
GRAND ARMY OF THE REPUBLIC.
OFFICE OF ASSISTANT ADJUTANT GENERAL,
INDIANAPOLIS, IND., MARCH 27, 1883.

JAMES R. CARNAHAN,

Department Commander :

SIR AND COMRADE: I have the honor to submit herewith a synopsis of the business transacted through the office of the Assistant General of this Department of the Grand Army of the Republic since the meeting of the last Encampment, on the 22d day of February, 1882.

One hundred and nine (109) Posts have been organized, numbering from Post 47 to Post 155, inclusive. The names, location, date of muster, and by whom mustered, will be found fully set forth in abstract "A." In addition to the above named, the defunct Posts at Shelbyville and Princeton, numbering 18 and 28, respectively, have been reorganized. Since the issuance of General Order No. 13, date of March 14, 1883, Posts have been established at Freetown, Jackson county, Portland, Jay county and Selvin, Warrick county, numbering, respectively, from 153 to 155, inclusive.

By extract from General Order No. 17, Headquarters Grand Army of the Republic, of date June 6, 1882, the Posts in Kentucky, theretofore under this command, were transferred to the provisional Department of Kentucky.

By paragraph IV, General Order No 8, Headquarters

Grand Army of the Republic, of date February 16, 1883, the Tennessee Posts, four in number, organized by this Department, and up to that time under its command, were transferred to the Department of Kentucky.

The importance of promptitude in the matter of forwarding reports does not seem to have been duly impressed upon the minds of many Post officers during the past year. This fact causes delay on the part of the Assistant Adjutant General in forwarding his quarterly reports to National Headquarters, and this, doubtless, has its influence in the rating of this Department as to efficiency, discipline, etc. In this connection it has been necessary to insert a ¶ in nearly every Order, relative to the subject and with little apparent effect.

Evidence is not wanting, either that the U. S. mails are strangely remiss, or that due care is not taken of blanks forwarded, as frequent calls are made for those which have been specifically sent, entailing no small expense of an unnecessary character in the matter of postage.

Since the last Encampment, record books have been prepared for the purpose of the transcription of Post returns in detail, and the consolidated report of the Assistant Adjutant General, also a record of Posts, date of muster, location, by whom organized, etc.

The correspondence of the year has been quite extensive, not only in ordinary routine business, but in answering inquiries from abroad, and in relation to the establishment of new Posts. That portion of the correspondence pertaining legitimately to the working of the Department will be found properly briefed and filed.

Thirteen General Orders and one circular have been issued from the office of the Assistant Adjutant General.

The delay in publishing the journal of the three previous Encampment proceedings was caused by the fact that it was found impossible to sooner get together what appears in the pamphlet as published, it being, at best, incomplete.

I regret to be compelled to report an omission in the report of the Department Inspector for the year 1881-2, which occurred as follows: The copy was returned to me with the statement that it would be necessary to rewrite the recapitulation. This was done, and in putting in type, only that rewritten was set. As I employed a proof-reader (at my own expense) to read by copy, I did not notice the omission until the final issuance of the reports. As the document in question was most complete and thorough, I would recommend that my successor be directed to correct, by publishing an "*addendum*," covering this point, in the journal next issued. It will be remembered that a portion of the expense of the publication of this journal is properly chargeable to former administrations, and such will be found set forth in abstract "A 1."

By direction of the Council of Administration, at a meeting held the 6th of August, 1882, a Committee was constituted, named in General Order No. 6, of date August 10, 1882, for the purpose of furthering the end of the erection of a State Soldiers' Monument. This committee ordered the preparation of Certificates of Membership to the Soldiers' Monumental Association, the same to be signed by the Department Commander and countersigned by the Assistant Adjutant General. These certificates were prepared, and specimens sent to all the Posts in existence at that time, and Post Commanders urged to take an interest in the matter. Nothing, however, has been

heard from it, save from Geo. H. Thomas Post, of Indianapolis, to the members of which quite a number have been issued. There are in the Assistant Adjutant General's office about two thousand five hundred of these certificates ready for use.

The financial transactions of the Department with the Monumental Association will be found set forth in detail in abstract "B."

Thirty-three dispensations have been granted upon recommendation of Post Commanders, in accordance with provisions of paragraph 3, section II, chapter II, Rules and Regulations.

Notwithstanding repeated instructions that all funds should be made payable to the Assistant Quartermaster General, but transmitted through the Assistant Adjutant General, but a portion of the remittances, for any purpose, have been so sent. I would recommend that Quartermasters' blank requisitions be put upon the list of free blanks, their expense being inconsequential, and that no order for supplies be filled, except upon such blank, properly filled.

The amount, in No. and value, at cost price, and character of blanks, books, etc., on hand, in the Assistant Adjutant General's office, will be found set forth in detail in abstract "C."

Twenty-four deaths have been reported to the office of the Assistant Adjutant General, as having occurred as set forth by Post and name in abstract "D."

I have carried to the Dead Roll the names of two comrades not reported in this connection: Those of John D. Simpson, of Post 26, and Charles Cruft, of Post 1, who have died since the fourth quarterly report of those Posts were rendered.

The receipts of the Department, from all sources, have been \$6,604.41.

Expenditures, \$4,941.29.

Cash on hand.....	\$1,663.12
Supplies, Badges, etc.....	261.80

*Estimated from Muster Roll and Applications on File.

In closing my labors, permit me to say, that in all my correspondence with comrades, I have met nothing short of true comradeship. In both my personal and official relations with the Department officers and members of the staff, I have formed friendships supplemental to those previously existing toil-wrought links, lap-welded in the fires of war, which would have been cheaply purchased by many times the labor I have been called upon to perform in the discharge of my official duties.

My especial thanks are due to Comrade Conrad Gehring, of Post 17, for many acts of kindness and valuable assistance.

To yourself, personally, my thanks are due, and heartily tendered, for your uniform kindness and forbearance in sickness and health.

Respectfully submitted in F., C. and L.

I would recommend, for the benefit of my successor, that the Encampment authorize to be constructed a case for the keeping of blanks, like or similar to, the one as exhibited in the draft submitted herewith. This would be not only a matter of great convenience, but tend to greater care in their storage.

In closing my labors as Assistant Quartermaster General, permit me to return my thanks to all with whom I have come in official contact for the uniform kindness with which my efforts to do my duty have been met. To yourself, personally, I have to say that my relations have been of such a character as to cement with stronger ties the friendship previously existing.

G. H. SHOVER,

Assistant Quartermaster General.

The following report from the Department Chaplain was read by the Assistant Adjutant General:

Report of Department Chaplain.

OFFICE OF CHAPLAIN, DEPARTMENT OF INDIANA,
GRAND ARMY OF THE REPUBLIC,

THORNTOWN, IND., MARCH 3, 1883.

JAMES R. CARNAHAN,

Commanding Department:

COMRADE: I beg leave to make the following report: On the Sabbath preceding Decoration day I preached a soldiers' memorial sermon. If the opportunities had been greater I would gladly have rendered more service.

I would recommend that the deaths of comrades be reported to the Chaplain's office by the Post Adjutants as they occur, and that the Chaplain make a brief memorial of each one in his annual report to the Department. Respectfully submitted.

J. W. HARRIS.

Department Inspector J. L. Wooden submitted the following report:

Report of Department Inspector.

GEN. JAS. R. CARNAHAN,

Commander Department of Indiana, G. A. R.:

SIR AND COMRADE: I have the honor to report that, notwithstanding the earnest efforts of yourself and the Assistant Adjutant General to induce Post Commanders to forward names of comrades to be recommended for

appointment as Assistant Inspectors, less than one-half the Commanders of Posts organized prior to December 31, 1882, responded. I proceeded, as per authority conferred by general order No. 11, Department Headquarters, to make appointments for the delinquent Posts, issued a circular announcing same, and urged thorough inspections and immediate reports. I have received returns from sixty-four posts only, and herewith present a tabulated report of same. The Posts inspected appear to be, generally, in a healthy condition, yet I can only report eight posts as first-class in standing, having complied with all the requirements, including the formation of "relief funds" and the systematic dispensing of the same. The reports show the urgent necessity of thorough inspection and instruction in the Ritual and routine work of many Posts, and a number of requests from Posts come up through their Assistant Inspectors for instruction "by Department officers or well informed comrades from other Posts." In view of this long felt want, and the inefficiency of the present system of inspections, I respectfully recommend that the Department be divided into "inspection districts," and that competent comrades be selected to inspect the same, and that the Department Encampment make an allowance for the payment of their traveling expenses, at least.

Respectfully submitted,

In Friendship, Charity and Loyalty.

J. L. WOODEN,

Inspector General Department of Indiana, G. A. R.

Proceedings of Council of Administration, June 6, 1882.

HEADQUARTERS DEPARTMENT OF INDIANA,

INDIANAPOLIS, IND., JUNE 6, 1882.

The Council of Administration met pursuant to call of the Department Commander.

Present—

Ed. Nicar, Senior Vice Commander.

A. C. Rosencranz, Junior Vice Commander.

Wm. Scott, Medical Director.
Ben D. House, Assistant Adjutant General.
Garrett H. Shover, Assistant Quartermaster General.
J. B. Shaw, C. M. O.
J. L. Wooden, Inspector.
Comrade J. A. Gurley.
Comrade G. F. McGinnis.
Comrade Wm. A. Quigley.

Commander Carnahan presiding, stated the reason of calling the meeting to be for the purpose of taking action relative to the action of Morton Post 1 in having passed at a Post meeting, and caused to be published, a resolution of a political character, in violation of the provisions of Article XI, Rules and Regulations. The resolution, as published, was read, and Comrade Haley, Commander of Post 1, admitted its correctness, to the best of his memory and belief.

Commander Carnahan then read a communication from Commander-in-Chief Merrill, advising a general order of censure, and a telegram recommending the suspending of the Charter of Morton Post 1, Department of Indiana, as a result of a second series of resolutions passed at a meeting of ex-soldiers, and the members of Morton Post as such, on the evening of the 30th ult., such communications being filed as part of the records of the Assistant Adjutant General's office, Department of Indiana, G. A. R.

Comrade Haley, Commander of Morton Post, was then asked to make a statement, which he did, to the purpose that the defense of the Post was to be found in the action of R. B. F. Pierce towards that organization for some time past, but that it could not be presented without having the records of the Post present.

After a general discussion, the following resolutions were offered by Comrade McGinnis, member of the Council of Administration :

Resolved, 1. That Morton Post 1, Grand Army of the Republic, Department of Indiana, be required to withdraw and disavow, as its official action, the resolution pledging the members of that organization to oppose the candidacy of R. B. F. Pierce for election to Congress in a manner as public as it was given to the world, both in the Post room and through the public prints, and that notification of such action be sent to such Posts as were furnished with copies of the original resolution.

Resolved, 2. That such Post disavow all connection, as a Grand Army organization, with the meeting that passed a series of resolutions on May 30th, affirming the action of Morton Post, pledging the members of that organization to oppose the candidacy of R. B. F. Pierce for a political office, and that such action be taken at the first regular meeting of Morton Post, after an official copy of these resolutions shall have been received.

The following additional resolution was offered by Senior Vice Commander Nicar :

Resolved, That the Council of Administration, while recognizing the fact that the action of Morton Post complained of deserves much more severe discipline under the code of the Grand Army of the Republic, yet, in the exemplification of charity—one of the three great principles of our Order—we extend to said Post this method of retaining fraternal relations with the other Posts of this Department.

The resolutions were adopted, with but one dissenting voice.

On motion of Assistant Adjutant General House, it was ordered that the actual traveling expenses of the members of the Council of Administration be paid out of the Department funds, and the Assistant Quartermaster General was ordered to disburse the same.

Adjourned.

BEN D. HOUSE,
Assistant Adjutant General.

AFTERNOON SESSION.

At the reassembly after the noon hour, the unwritten work of the Order was exemplified by members of Geo. H. Thomas Post 17, Post Commander Geo. W. Spahr presiding, who was assisted by Senior Vice Commander Edwin Nicar, the latter delivering the charge.

The committee to whom was referred the report of the Department Commander, made the following report: The recommendations therein contained were considered separately, and after some discussion relative to the reduction of the per capita tax to 5 cents per quarter, the report of the committee was adopted, the blank as to the salary of the Assistant Quartermaster General being filled by \$150.

Report of Committee on Address of Department Commander.

HEADQUARTERS DEPARTMENT OF INDIANA,
GRAND ARMY OF THE REPUBLIC,
INDIANAPOLIS, IND., MARCH 28, 1883.

The committee to whom was referred the address of the Department Commander, Comrade James R. Carnahan, respectfully report, recommending the adoption of the suggestion made by him that the per capita tax should be reduced during the coming year to eight cents per quarter.

We further recommend that the question of remitting the per capita tax for the ensuing year of the Posts mentioned as having suffered from the recent floods, be referred to the incoming Council of Administration.

In reference to the suggestion that Comrade Garrett H. Shover, Assistant Quartermaster General, should be suitably reimbursed for the labors of the past year in his Department, your committee recommend that he be allowed the sum of \$150, and that this amount be fixed as the salary of the Assistant Quartermaster General for the coming year.

Your committee have this further recommendation to make, and it is one which they feel confident will meet a hearty response from every comrade in this Department: We suggest the appointment, by the Senior Vice Department Commander, of a committee of three comrades who shall procure a suitable testimonial in the form of an official badge, to be presented to Comrade James R. Carnahan, as a slight token of our appreciation of his eminently successful services as Department Commander.

J. L. WOODEN,

Comrade J. L. Wooden, Post 5.

Comrade Ben D. House, Post 17.

Comrade A. C. Rosencranz, Post 27.

Comrade Robertson, chairman of the Committee on Credentials, submitted the following report, which, on motion, was adopted by vote of the Encampment:

Report of Committee on Credentials.

To the Department Commander and Comrades of the Department of Indiana, G. A. R.

Your Committee on Credentials report that the following Delegates are entitled to seats and votes in the

Encampment; all as shown present by the Roster prepared by the Assistant Adjutant General, except as follows:

1. Post 2, Post Commander J. M. Booth, omitted from the Roster, is entitled to be recognized, and Alternate J. C. Gregg, in place of G. W. Janes, who is absent.

2. Post 4 presents no credentials.

3. Post 5 is entitled to representation as follows: Post Commander Geo. H. McKee; Delegates, Samuel McGuire, Geo. H. Dunn; Past Post Commanders, J. L. Wooden, M. D. Tackett, John Childs.

4. Post 34. No record of election of Delegates or credentials presented, but we find the name of J. T. Moore inserted in the Roster, and checked as answering for the Post.

5. Post 35 sends two certificates of same date, showing in one the name of A. D. Sleeper, Delegate, and H. C. Shenkenberger as Alternate; the other the same Delegate and J. T. Moore as Alternate. He does not answer for Post 35. In our opinion, under the Rules and Regulations, Comrade Moore is not entitled to a seat.

5½. Post 36 sends Comrade Prather, who states that C. D. Shank was, at the last meeting of the Post, elected as an Alternate in place of Comrade Couchman, who had removed from the jurisdiction of the Post. We have no certificate of such election, and leave Comrade Shank's admission to be decided by the Encampment.

6. Post 46. No record of election of Delegates or credentials are presented, but we find the names of Comrades Breeman and Morris inserted as answering for the Post. Without proper evidence of their election they would not be entitled to represent the Post.

7. Post 48 is in the same condition. Comrade W. H. Wiley answers for the Post, but without evidence of his election is not entitled to represent the Post.

8. Post 53. No record of election, but a certificate of the Post Commander, dated the 27th of March,, of the appointment of J. W. McAllister as Delegate, in place of a representative and Alternate, who are not named. This is not in accordance with the Rules and Regulations, in our opinion, and the appointed Delegate is not entitled to represent the Post.

9. Post 61. There is no record or certificate of the election of a delegate.

10. Post 64. No credentials.

11. Post 65 has presented no certificate of election of Delegate, but the Post Commander, without the attestation of the Post Adjutant, under date of March 26, 1883, certifies that James W. Price is a regular accredited Delegate of Post 66. We can not report that Comrade Price is entitled to a seat on this certificate.

12. Post 115. The certificate shows the election of J. W. Shuts Delegate and D. A White Alternate. The Post Commander, under date of March 26th, states that, it being impossible for him to attend, he appoints Comrade I. N. Vail to represent Post 115. This is not in accordance with the Rules and Regulations.

13. Post 116 The certificate of the Post Commander and Adjutant shows an election, but there is no credential showing that Wm. Bowen, who answers as representative, has any authority to represent the Post.

14. Your committee have to report that all Posts organized subsequent to January 1, 1883, and numbered from 128 to 156 inclusive, are only entitled to be repre-

sented by their Post Commander, or, in his absence, by the Senior Vice Commander, and in his absence by the Junior Vice Commander. The authority for this opinion of your committee will be found on page 11 of the Manual for the guidance of the Grand Army of the Republic, edition of August, 1881, which is as follows :

“Posts mustered after January 1st can be represented in the annual Encampment of that year by the Post Commander only. Section 2, article II, chapter III, page 12 constitutes as members all the Post Commanders for the time being.

“In the absence of the Post Commander the Senior Vice Commander or Junior Vice Commander may represent the Post.

“No election for representative can be held after the first meeting in December, except to fill vacancies, as provided in section 3, article VII, chapter II, page 9.”

Section 3 is as follows :

“Posts may fill any vacancy in their offices at any stated meeting, notice of such contemplated action having been given at a previous meeting.”

We desire to call attention to the fact that a number of Posts have failed to report any certificates of election, but we have examined into no question of this kind unless some one claiming to be a Delegate has appeared and thus made it proper to examine and report upon such claim.

All of which is respectfully submitted.

THOMAS HANNA,
WM. H. ARMSTRONG,
R. S. ROBERTSON,
Committee.

On motion, the following comrades were admitted as Delegates from their respective Posts :

Comrade W. H. Wiley, Post 48.

Comrade J. T. Moore, Post 35.

Comrade Wm. Bone, Post 116.

Comrade J. H. Price, Post 65.

Comrade J. B. Mulkey, Post 85.

The committee on report of Department Inspector submitted the following report, which, on motion, was adopted by vote of the Encampment :

Report of Committee on Department Inspector's Report.

INDIANAPOLIS, MARCH 28, 1883.

To Comrade J. R. Carnahan, Department Commander, and Members of the Department Encampment, G. A. R.

COMRADES: Your committee to examine the report of Department Inspector, Comrade J. L. Wooden, would respectfully report that we find the report in good order and as perfect of its kind as was possible under the circumstances.

Comrade Wooden deserves the thanks of the Department for his zealous and laborious efforts in the discharge of the duties of his office under such a discouraging state of affairs as he calls attention to. That Post Commanders should be so negligent in appointing Assistant Inspectors, and that so many of the Inspectors appointed should be careless and unbusiness-like in making their reports, can only be accounted for in a measure, also excused on the ground that so many of the Posts

are new and the Rules and Regulations imperfectly understood.

We would call the attention of Post Commanders and Delegates present at this Encampment, to the vital importance of these inspections. It is only by having laws and living up to them that any organization can thrive, and surely every soldier understands the dire necessity of every one doing just what he is appointed to do—what his orders call for—and doing it well.

The recommendation of Comrade Wooden, that the Department be divided into Inspection Districts with Assistant Inspectors for each, whose actual traveling expenses be paid by the Department, we think a good one, and recommend its adoption.

We would further recommend that it be the duty of these Assistant Inspectors to visit the Posts assigned to them at least once a year, not simply to ascertain such facts as may be called for in their reports, but, if necessary, to encourage and instruct them in the things they lack and build them up in efficiency and usefulness.

Respectfully submitted.

E. R. BROWN,
C. E. WHITSETT,
W. W. McBETH,
Committee.

The following resolution was received, and, on motion, referred to the incoming Council of Administration:

WHEREAS, It has been the custom of other Departments of the Grand Army of the Republic to change the place of holding the Department Encampment each year, and,

WHEREAS, Such a course pursued by these Depart-

ments is productive of general satisfaction and a more fraternal feeling among the comrades. Therefore, be it

Resolved, That the Council of Administration be and is hereby, instructed to change the place of meeting of this Department Encampment each year, and they are further instructed that no future meeting of this Department shall be held in any city or town where the Encampment has been held since its organization.

The following communication was received and referred to the incoming Council of Administration:

McClung Post, G. A. R.

In the Encampment of the Grand Army of the Republic at Rochester, Indiana, February 6, 1883.

WHEREAS, We believe the sovereignty of the country is in the people, that all are equal before the law, that class legislation is a burning shame, that such legislation strikes the death knell to our free institutions and patriotic aspirations; that it was for the reasons that we believed this country should be one people, have one flag, and there should not be one favored above another before the law, and that when we had become citizens then there should be no distinction, no class, no one awarded above the other, and that the private should have equal pay, equal glory, equal reward, and stand forth a sovereign man, not above, but equal to the officer who received his honor and reward while in service; that we fought the battles, that our dead comrades with their dead bodies enriched the nation and stamped every dollar in the pockets of the rich with the globules of their sacred blood. And

WHEREAS, There is no reason why the dependent

widow and mother of the private should have less than the dependent widows and mothers of the officers, and no reason why an officer wounded in leg, hip or arm, when relegated to private life, should have a greater pension than the private wounded in like manner, unless it be to ape the old and false aristocratic rule of the ancient, bigoted, aristocratic world. And

WHEREAS, The patriotic soldier and citizen must ever blush with shame at the special acts of Congress granting pensions, making distinction between the officer and private, and widows and mothers of deceased officers and privates, placing the former on the pension rolls at higher rates than the latter, when one widow is not above another, thus placing upon the statutes of this nation a record blackened with indignity and distinction against the very spirit of our institutions, creating a hatred and disgust, which, like a cancerous virus, consumes and eats out the very heart of patriotism, and makes the soldier, voter and citizen the subject and slave, not the freeman. Therefore, be it

Resolved, 1. That we demand that the pension laws be so amended that rank shall not be taken into consideration in granting the same, that all soldiers of every rank shall be equal and fare alike; that the only distinction made shall be in grading the disability and not of rank; that the minimum pensions for all shall be twenty dollars per month.

Resolved, 2. That since this government has recognized the fact that there is something due those who gave their best blood and their health to defend the Nation, and who are now helpless and maimed, and without whose help the people of this country would be poor indeed, they should receive that pay which is commensurate to the services rendered.

Resolved, 3. That we, the comrades of the patriot dead, the sleeping heroes, the maimed and wounded living, the friends of the wan-faced widow, of the lost brother, and the poor, dependant mother, shall never vote for any man who would degrade them by giving preference to rank in the granting of pensions.

Resolved, 4. That these resolutions be published in the various papers of Rochester, Indiana, and in the *Union Volunteer* and *National Tribune*, of Washington, D. C.

These resolutions were unanimously adopted by McClung Post 95, February 6, 1883.

Attest:

A. C. SHEPHERD.

Adjutant.

On motion, the election of officers was made the special order of business at 4:10 o'clock P. M.

Comrade J. L. McMasters, of Post 17, offered the following communication:

Indiana Soldiers' and Seamen's Home.

The following is the report of the committee appointed by George H. Thomas Post, Grand Army of the Republic, and presented to that Post and adopted and ordered to be presented to the Department Encampment of the Grand Army.

To the Commander and Comrades of George H. Thomas Post 17, G. A. R., Department of Indiana:

Your committee, to whom was referred the subject of

the Indiana Soldiers' and Seamen's Home, desire to submit the following as their report:

First—We find that the Soldiers' and Seamen's Home was projected by patriotic citizens of the State in their individual capacity, and that, for the purpose of securing the necessary means with which to purchase lands and erect suitable buildings, Chaplain Lozier and Captain Atkinson were appointed as agents to solicit funds, and that they did secure enough money by private subscription to purchase a farm and extensive buildings, where they located such an institution.

Second—That on the 13th day of April, 1866, said citizens, by their representatives, purchased of James Maulsby, and Ruth, his wife, for the sum of \$8,500, fifty acres of land in Rush county, Indiana, said land being conveyed by deed to Conrad Baker, James M. Ray and William Hannaman in trust, for the use and benefit of the "Soldiers' and Seamen's Home Association," to be held by them until such Association should be organized, when they were to convey the same to such Association in fee simple for the purposes of said trust.

Third—That by act of the General Assembly of the State of Indiana, approved March 11, 1867, there was established at the Knightstown Springs, Rush county, Ind., a home for the maintenance of sick and disabled soldiers and seamen, and their orphans and widows, called the "Indiana Soldiers' and Seamen's Home." The charge and management of said Home was entrusted to a Board of Trustees, consisting of the following persons, to-wit: Henry B. Hill, Charles S. Hubbard and William Hannaman. The said Board and their successors were made a body politic and corporate, to be known by the

title of the "Trustees of the Indiana Soldiers' and Seamen's Home," with powers, etc.

The Trustees had power to receive gifts, legacies, conveyances and all donations and loans, or property, real or personal, that might be made, given or granted for the purposes of the "Home," and in its name, and they could purchase such tract or tracts of land not exceeding 110 acres, etc., and the Board had power to adopt such regulations for the admission of and discharge of persons who had entered the United States service, the widows and orphans of such persons, from the State as follows:

1. Totally disabled soldiers and seamen.
2. Partially disabled soldiers and seamen.
3. Orphans under fifteen years of age of deceased soldiers and seamen.
4. Widows of deceased soldiers and seamen.

Fourth—That on the 27th day of August, 1867, the said Conrad Baker, James M. Ray and William Hannaman, for the purpose of carrying out said trust, conveyed by deed the said fifty acres of land in Rush county, Ind., to the Trustees of the Indiana Soldiers' and Seamen's Home.

Fifth—That by the act of the General Assembly, approved March 7, 1879, there was established in this State an institution to be known as the Asylum for Feeble-minded Children, and that the said institution was located at the "Soldiers' Orphans' Home," near Knightstown, and in Rush county, Indiana, and that the management of said institution was entrusted to a Board of three Trustees, etc.; the said Trustees, when so appointed and qualified, were to have charge of, management and control of the "Soldiers' Orphans' Home," and the office

of Trustee of said "Soldiers' Orphans' Home" was thereby declared to be abolished.

Sixth—That by the act of the General Assembly, approved March 15, 1879, the act approved March 7, 1879, was repealed, and an "Asylum for Feeble-minded Children" established at the "Soldiers' Orphans' Home," near Knightstown, and in Rush county, Indiana, the management to be entrusted to a Board of three Trustees; said Board of Trustees, when so appointed and qualified, were to have charge, management and control of the "Soldiers' Orphans' Home," and the office of Trustee of said "Soldiers' Orphans' Home" was thereby declared abolished. The Legislature of 1883 re-enacted the last named act, and amended it so as to provide for the election of Trustees by the Legislature. In 1879, when the law as to idiots was enacted, there were 281 soldiers' orphans in the Home, with 119 applications for admission pending. Now there are 140 soldiers' orphans and 81 idiots in the Home, thus crowding out the legitimate tenants from the place provided by the people. The farm was purchased for a home for disabled soldiers, seamen and their orphans and widows, and this attempt to divert the trust and destroy largely the intended use of the place for the sacred purpose to which it was devoted, would seem to be contrary to law and unwarranted by the facts. The funds with which the Home was bought were contributed for that purpose alone, and while the beneficiaries exist who are entitled to its use it can not justly be used for any other. The conveyance of the land was made to the Trustees of the Soldiers' and Seamen's Home, after it was organized under a special act of the Legislature, and has been held by them for that purpose to this day, notwithstanding this unjust and despotic act of legislation.

The facts are, that the Home, with a capacity of 300, has been unable to accommodate the orphans who have been pressing for admission. In the year 1874, the Trustees say in their report that "the number of inmates does not diminish; indeed the pressure for admission to the Home by these orphan children has been as great during the past year as at almost any time during its existence. This is attributed to the failing health and premature death of the fathers, caused by exposure and wounds while serving in the army of the United States."

In the report of 1878-9 the Trustees say that "the demand for admission is now as great as it ever has been; with a capacity for 300 children they can not accommodate one-half that would fairly be entitled under the law to a place within its walls. These children of soldiers are taken from the homes of poverty or from the county asylums, where they never could get education or training." The Superintendent, in his report for 1878-9, says: "The last annual report shows the number of inmates to have been 281; there have been admitted during the year, 7; discharged, 28; died, 1; leaving now on the roll 259. Many of them have been, and some now are, in temporary homes until such time as we may be able to call them in. I now have on file 119 applications for admission, many of them in very destitute circumstances."

These reports were made to the Legislature of 1879, which passed the act thrusting the idiots of our State into the seats of its most sacred wards, and, notwithstanding this urgent demand for more room and greater accommodations, they were deprived of at least half of the supply already furnished. Why this was done your committee can not understand. The orphans of our

soldiers and seamen, scattered in the poor houses of the State, steeped in poverty, ignorance and misery, demanded the kind and active sympathy of our Legislators, but their mute appeals were made to deaf ears and indifferent hearts.

How different has been the conduct of our Legislators from those of our sister States of Ohio and Illinois! In Ohio there is a Home located at Xenia, in which, in the year 1882, there were 677 inmates, being the full capacity of the Home, with 309 applications on file awaiting the action of the Board. The Trustees, in their report, say they are fully justified, from information, in stating that there are in the State at least 1,000 children entitled to admission, but for whom no applications have been filed because of the known impossibility of their admission for want of room. The State of Ohio expends for her Home over \$100,000 a year, while our State grudgingly allows \$20,000 for the same purpose.

In the State of Illinois there is a "Soldiers' Orphans' Home," in which, in 1882, there were 511 inmates, and the Trustees ask for an enlargement of the appropriation with a view of receiving 350 more. The appropriations for 1882 for this Home were \$46,000. Our law contemplates also a home for widows of soldiers and seamen, but there never has been one inmate of this class, while the poor houses of the State have many of such within their walls. No one could be more deserving than the impoverished and heart broken survivors of our heroic dead.

The acts of 1867 and 1869, establishing the Home, have never been repealed and are in full force. The act of 1879 refers to these acts as providing a Soldiers' Orphans' Home, an institution that has never been named

or provided for in the laws of Indiana, the act being for the establishment of a Soldiers' and Seamen's Home, and for their orphans and widows.

We believe this misdescription of the institution will render the act inoperative, which, in terms, attempts to abolish the office of Trustee of the "Soldiers' Orphans' Home," there being no such office. The act of 1883 uses the same language, and refers to the "Soldiers' Orphans' Home," leaving the office of Trustee of the "Indiana Soldiers' and Seamen's Home" unaffected and still existing, and this being the true condition of the law, the Governor has the right to fill any vacancy that may exist, and the Board of Trustees have the power under the law to take possession and control of this institution. The law also provides a continuing appropriation for the support of the Home, and authorizes the officers of the institution to draw the proper amounts from the Treasury. In addition, in our judgment, the Legislature had no power to divert the trust, or any part thereof, from the purpose for which it was created while there are any beneficiaries contemplated in the grant and the original act in existence. We, therefore, respectfully suggest that it is the duty of the Governor and of the proper officers of the State and of the Home to take early action in the premises, and separate the management of the "Soldiers' and Seamen's Home" from that of the idiots and feeble-minded children of the State, by removing the latter, who are, as we are informed, now intimately associated with each other and fed at the same table.

The following communication, relative to the same subject, was presented and read:

To the Department Encampment of the State of Indiana:

Garber Post 72, located at Washington, Daviess county, sends greeting, and asks that this memorial be read and its resolutions be carried out.

Memorial.

The Soldiers' and Sailors' Orphans' Home of Indiana.

This institution has not accomplished in the past all that was intended by those that planted it. It is not doing the work now it could do if it was properly cared for by the State. Many orphan children of our late comrades are left neglected as waifs, or are gathered in the various county infirmaries of the State. They associate freely with the idle and the vicious.

We regard the act of the General Assembly of our State, adding to the Orphans' Home an asylum for feeble minded children, and placing it under the care of the same Board of Trustees, managers and officers, an *insult* to the soldiers and sailors of the Union Army. The two institutions should be separate and distinct. These two classes of children should not mingle together on the same play ground, nor should they occupy the same buildings. There is no reason why they should have been brought together, and none why they should be continued together. As well might the United States government have founded National Insane Asylums in connection with the Soldiers' Homes.

We must care for the orphans of our comrades or no one will care for them.

We believe this Orphans' Home can be made as useful as are similar institutions in other States. These have attained their excellence principally through the care and attention given them by the veterans of the late war. The citizens of our State are not disposed to treat the orphans of our comrades in a parsimonious way. Nor do our citizens approve of the union of the Home with the asylum. We will find the people of our State ready to respond to any reasonable appeal we make, when we plead the justice of our cause and the noble services of the fathers of these now helpless wards of the State.

Resolved, 1. We ask the appointment of an able committee from the Encampment, whose duty it shall be, first of all, to secure a complete and an entire separation of these institutions.

Resolved, 2. This committee shall secure from the General Assembly an apportionment of money sufficient to meet the wants of the Orphans' Home.

Resolved, 3. The committee shall secure such changes in legislation as will enable this institution to receive under its care the orphans of any Indiana soldiers who have died or will die outside the limits of our State. Also the orphans of any citizens of our State who served in the Union Army during the war of the rebellion, whether they belonged to an Indiana regiment or not. Also the children of any of our comrades residing in the State, where either parent is incompetent, on account of vicious or idle habits, for properly caring for their children, or the children are in danger of leading idle and dissolute lives.

Resolved, 4. This committee shall visit the Home at such times as the managers are not expecting, and shall thoroughly examine the institution and report the condition of its schools; its morals; its health, and any other items of interest and importance connected with its usefulness.

This committee, as citizens of the State, shall report to the Governor of Indiana any instances of mismanagement, unjust treatment of the children, or improper conduct of the officers and teachers in the Home. The committee shall report to the Encampment as to its faithfulness in the discharge of its duties, and at each annual meeting of the Encampment a committee shall be appointed to look after the interests of the Orphans' Home.

This memorial was unanimously adopted by Garber Post, and our delegate was ordered to carry it to the Department Encampment and labor to have its provisions carried out.

JAMES W. RAMSEY,

◀UNOFFICIAL PROCEEDINGS▶

At the evening camp fire, the Park Theater was well filled by comrades and their friends, notwithstanding the inclement weather. The stage was a bower of beauty, being decorated profusely with flowers and tropical plants. A tent was pitched at the rear, before which paced a sentinel, with measured tread, calling forcibly to mind "the long, long, drowsy life in tent."

No set programme had been arranged, but the informality of the proceedings added to their interest, there being neither breaks or waits.

Miss Rena Carnahan recited "Independence Bells" and "We Drank from the same Canteen," in a manner which called forth a storm of well merited applause.

Comrade M. D. Manson was called for, and his reception was such as to show that the old veteran held a large place in the hearts of his comrades. His remarks were brief, but of a character to be appreciated by his audience.

Comrade Jack Kinsell, of Post 40, read a lengthy original poem, entitled "The Rank and File."

The Commander-in-Chief, Paul VanDervort, made a short speech, in which he made it plain that politics had no place in the Grand Army of the Republic, saying that if any men under God's sunlight had a right to their political opinions, unquestioned, it was those who had saved the Nation in its hour of need. He also urged the comrades to give more attention to removing the remains of comrades from potters' fields than the building of monuments. His remarks elicited the marked commendation of his hearers.

Mrs. Lida Hood Talbott recited "Manning the Guns" in such a graphic manner, that those who listened saw the fact and felt the thrill which stirred their blood as the guns thundered to their positions in their days of active campaigning. Being called before the curtain, she responded with "A Pen Picture of General Custer," which brought that knightly cavalier before the eyes of her hearers as he appeared on the march and battlefield.

Comrade J. F. Johnson, of Rockville, stirred up the martial spirit by a short speech, appropriate to the occasion and character of his audience.

Comrade Jack Kinsell sang several army songs in a manner that called forth the enthusiasm of his hearers.

Comrade Will C. David, of Post 17, recited "Corporal Joe" in such a manner as to give his hearers a desire for more, and after repeated calls, he gave them

"Banta Tim," in which he was peculiarly happy in catching the dialect of Tilmon Joy. Not yet satisfied, the audience called until he reappeared and recited that stirring equestrian poem, "Sheridan's Ride," in such a manner as to bring its strong points prominently to the front.

The hour for closing having arrived, General Carnahan, in a few remarks, pronounced a sort of soldiers' benediction, and the Fourth Annual Encampment of the Department of Indiana, Grand Army of the Republic, was over, with the general verdict that it was good to have been there.

ADDENDUM.
